## SUMMARY

---

Highly motivated Final-Year B.E. student specializing in Front-End and Full-Stack Development. Proficient in React.js, JavaScript (ES6+), HTML5, CSS3, TypeScript, Supabase, and RESTful API integration. Strong foundation in UI/UX design, cloud-based application development, and responsive interfaces. Seeking internship opportunities to apply technical skills and contribute to real-world software projects.

---

**Technical skills :** JavaScript (ES6+), TypeScript, HTML, CSS, UI/UX, Python, Supabase, Cloud Storage, Spring Boot, Spring AI, RESTful APIs, Git, GitHub, Data Modeling, Data Analysis, Data Visualization, Agile.

**Professional Skills :** Communication, Team Collaboration, Adaptability, Quick Learning, Detail- Oriented, Time Management, Growth Mindset, Responsibility, Self-Motivation.

## EDUCATION

---

Kalpataru Institute of Technology, Tiptur  
B.E. in Information science engineering

Nov-2022 - present  
CGPA : 7.6

## PROJECTS

---

- **ShareX (File Sharing System)**

**React | TypeScript | Supabase | QR Code | Cloud Storage**

Developed a secure web-based file-sharing system with temporary cloud storage and auto-deletion within 24 hours. Implemented token-based access control for secure downloads and QR-code-based sharing. Built a responsive UI using React and TypeScript for seamless cross-device usability.

**Key Features:** Upload large files with instant link/QR generation, Temporary cloud storage with auto-delete after 24 hrs, Secure token-based download access, No login required, simple and responsive UI

- **AI Image Generator & Editor**

**HTML | CSS | JavaScript | Hugging Face model**

Developed a dynamic single-page application (SPA) using HTML, CSS, and JavaScript integrated with the Hugging Face API to generate images from text prompts.

Implemented real-time image editing features including resize, filter, and crop.  
Designed a responsive, user-friendly interface for seamless interaction across devices.

## CERTIFICATES

---

- Completed **Deloitte** Australia Data Analytics Job Simulation on Forage - Created a data dashboard using Tableau  
Used Excel to classify data and draw business conclusions
- **Time Management** – Infosys Springboard
- Completed 1 month training of **Mentor-to-go**
- NPTEL Certificate – Cloud Computing

## ACHIEVEMENTS

---

- Completed TCS iON Career Edge – 14-Day Program
- Participated in National Level Innoventure Hackathon
- ISE-Xecute Hackathon – Recognized for Innovative UI Design
- Participated in National Level Event – Innovative Ignite symposium

## INTERESTS

---

Photography, Playing Football, Drawing.
