SUMMARY

Information Science Engineering graduate specializing in Frontend Design and UI/UX Design with experience in creating responsive, user-centered web and mobile applications. Skilled in designing intuitive interfaces, wireframing, prototyping, and developing modern user experiences using Figma, React.js, JavaScript, TypeScript, HTML, CSS, and Jetpack Compose. Passionate about solving user problems through thoughtful design, usability-focused solutions, and visually engaging digital experiences.

EXPERIENCE

Android App Development Intern | MindMatrix

Duration: 3 Months

- Designed and developed responsive mobile user interfaces using Jetpack Compose and Material Design principles.
- Created reusable UI components and maintained design consistency across multiple application screens.
- Improved user experience through optimized layouts, navigation flows, and responsive design practices.
- Collaborated on integrating AI-powered features using Google AI Studio to enhance user interaction.

SKILLS

UI/UX: Figma, Wireframing, Prototyping, User Flows, Responsive Design, Visual System, User-Centered Designs

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Responsive Design

Mobile: Kotlin, Jetpack Compose

Tools: Git, GitHub, Postman, VS Code, Figma

Concepts: MVVM Architecture, API Integration, Agile Development

EDUCATION

Kalpataru Institute of Technology, Tiptur

Graduated: 2026

B.E. in Information Science Engineering

CGPA : 7.99

PROJECTS

• ShareX (File Sharing System)

React | TypeScript | Supabase | QR Code | Cloud Storage

- Developed a secure web-based file-sharing platform with 24-hour automatic file deletion.
- Designed a fully responsive UI ensuring smooth cross-device usability.

• Placement & Career Development Platform (Gradium)

Figma | React | Tailwind CSS | JavaScript

- Designed and developed a platform that streamlines placement training, aptitude assessments, mock interviews, and career development activities.
- Designed responsive user interfaces focused on usability, accessibility, and efficient navigation.
- Created a responsive interface optimized for desktop and mobile devices.

CERTIFICATES

- Deloitte Australia – Data Analytics Job Simulation
- NPTEL – Cloud Computing
- TCS iON Career Edge Young Professional

ACHIEVEMENTS

- Recognized for **Innovative UI Design** – ISE-Xecute Hackathon
- Innoventure Hackathon, Innovative Ignite Symposium
- InnoHack - Summit
